WORK WITH US

The British International School Budapest seeks enthusiastic, flexible, committed teachers to join our school from August 2021. We are a close-knit, supportive team of professionals, dedicated to the education, well-being and growth of our international community of students.

Our students, aged 3-18, comprise over 70 nationalities and enjoy a British-style international education through the medium of English. Starting in a spacious Early Years Centre, the National Curriculum for England frames the education provision through to the end of Key Stage 4, when students take GCSEs and IGCSEs before embarking on the International Baccalaureate Diploma Programme in our Sixth Form. We are ambitious for our students, who progress to top universities around the world.

OUR MISSION

Our mission is a statement of values, ethos and guiding principles. It is also practical. As such, it challenges us, our relationships and our behaviour. It is applicable and relevant, expressed in such a way as to act as a guide to all that we do as members of the BISB community.

It is provocative rather than passive, inspiring debate, discussion and reflection. It raises questions and invites us to interrogate its meaning. It is a touchstone for future action, providing us with questions that can help determine strategic plans and decisions. It is ambitious and aspirational.

The British International School Budapest is a caring, multicultural community where the development of the intellect is complemented by the pursuit of personal and interpersonal growth.

We *aspire* to excellence. We pursue deep learning in all that we do, through disciplined inquiry, reflection and perseverance.

We *act* with integrity. We are true to ourselves, our values and our community.

We *embrace* diversity. We believe that each child's individuality is defined through our differences and that together we can achieve more than we can alone.

We *cultivate* responsibility. We foster personal responsibility and global citizenship for a sustainable, peaceful future.

We *nurture* each student's ambitions, through the development of the skills, resources and dispositions to thrive, in school, through university and throughout life.

OUR VISION

We are ambitious for our students and their families, our staff and our school. As we look towards 2020 and beyond, our strategic plan for 2020-25 is guided by the vision:

> *Empowered* Students and a *Sustainable* School

This vision rests on the secure foundations formed by the five values of our mission statement: excellence, integrity, diversity, responsibility, ambition. These are realised through a clear sense of community, formed through these shared values being consistently enacted, by everyone. Underpinning this, providing stability and guidance for the community, lie our restorative approaches, which pervade our methods of student guidance throughout.

EMPOWERED STUDENTS

Empowered by *learning*. Students have skills and dispositions that empower them to continue to learn efficiently, effectively and adaptably, and gain qualifications that enable them to access ambitious higher education and career paths.

Empowered by *values*. Students embrace values that provide them with a moral compass and drive them to act responsibly, courageously and ethically.

Empowered to *act*. Students are physically, intellectually and emotionally flourishing; they have a sense of agency and the skills to bring about positive change in their world.

SUSTAINABLE SCHOOL

Educationally *relevant*. The school's curriculum, the entire planned experience for students, is values driven, future orientated, agile, adaptable and focussed on our students.

Operationally *sustainable*. Financial and operational stewardship of the school, its staff and its resources, are managed to ensure that the school can thrive in a local and international landscape of change.

Environmentally *responsible*. The school acts with social and environmental responsibility.

OUR LOCATION AND OUR FACILITIES

Located beside a golf course in the leafy 3rd District of Budapest, a short distance from the Danube and the city centre, our school campus is modern and well-resourced. Primary students benefit from one-to-one iPads and secondary students bring their own laptops. Specialist rooms are equipped with first class facilities, enabling our students to take advantage of our collaborations with MIT, The Juilliard School and UNICEF. Three major development projects in three years have added additional facilities for science, computing, visual art, the performing arts and sports.

Our Global Campus, in addition to the extensive online connections, allows students access to our mountain adventure camp in the Swiss Alps, our safari and community service camp in Tanzania, our partners at MIT, The Juilliard School and UNICEF at the UN Headquarters in New York

Budapest is a modern, cosmopolitan city, steeped in history and within easy reach of beautiful countryside. Condé Nast Traveller regularly places Budapest as one of the best cities in the world to visit. Budapest is also one of the world's most affordable cities, located in the heart of Europe, within easy reach of the best of central, eastern and western Europe. Public transport, the arts and culture, shopping, dining and outdoor activity are incomparable. Several of our teachers have chosen to settle here, while others move on to international careers within Nord Anglia Education and beyond.

During this year's global pandemic, we have been able to transition between on-campus education and our Virtual School Experience seamlessly. This have been aided and facilitated by our familiarity with technology and the support of our regional global teams. This has led to an unparalleled level of security and confidence for our staff, our students and their families.

NORD ANGLIA EDUCATION

Nord Anglia Education (NAE) is the world's leading premium schools organisation, with campuses located across dozens of countries in the Americas, Europe, China, Southeast Asia, India and the Middle East. Together, our schools educate tens of thousands of students from kindergarten through to the end of secondary school. We are driven by one unifying philosophy: we are ambitious for our schools, students, teachers, staff and communities, and we inspire every child who attends an NAE school to achieve more than they ever imagined possible.

Each school is unique, with a character and educational offer tailored to meet the needs of its community. We are united by our 'Be Ambitious' philosophy: we are ambitious for our students, our colleagues and our family of schools, and believe that every student can achieve more than they ever dreamt possible given the right support and opportunities, in school and through our Global Campus.

If you join us, you will also join a worldwide community of professionals, with our own on-line Nord Anglia University (NAU). Residential and on-line learning opportunities through NAU include an annual Middle Leaders Programme, a Senior Leaders Programme and fully funded places on a bespoke Executive Master's in International Education with King's College, London. We encourage collaboration through our NAU forums and at our regional conferences.

Our personalised professional learning programme at BISB is supported by our Teacher Learning Community and by NAE's own Ambitious Performance Tracker and a talent management forum which facilitates internal career development and promotion.

APPLICATION AND BENEFITS

If you choose to apply and are appointed, you will join a school and a worldwide group of schools with sights set on an exciting future. Our students are outstanding; they are multi-lingual, respectful and ambitious. They fully immerse themselves in everything the school has to offer. Families are involved and supportive, providing everything from service-learning connections through PTA charities to professional city tours and staff social events.

Our Staff Committee is extremely active, offering many cultural and gastronomic events for staff and their families. Regular opportunities include HIIT classes, yoga, golf, badminton, open air swimming, cycling and trail running, and a thriving book club. Wine tastings, opera visits and much more provide ready-made social opportunities for the newcomer.

For internationally recruited teachers, we offer a competitive salary, and benefits include an annual flight allowance, international health insurance, education for children and logistical assistance with accommodation. Moreover, you will join the world's leading premium schools organisation where we offer exceptional opportunities for growth and development.

Thank you for your interest in our school and good luck with your application. Please take time to browse the information provided and take a good look at our school website.

Application details and timelines appear as part of individual adverts. Do not hesitate to get in touch if you have any questions.
