

Outstanding Opportunities

Join our team

Teacher of Physics

With the possibility of
a faculty leadership role

From September 2022

OUR PHILOSOPHY

At Beau Soleil, we believe it's what you do that counts. This philosophy holds true in all that we do as staff and for our students. We are a community that believes in the power of action, engagement and participation, inside and outside of the classroom.

Our unique holistic education is built around four core values: Respect, Responsibility, Ambition and Determination, which provide a framework to community life for our international

student body. Our students come from over fifty different countries, with diverse academic backgrounds and a wide range of future aspirations.

With curricular programmes in both English and French, students graduate with an IB or Advanced Studies Diploma. Within this framework, small class sizes allow for a flexible programme and staff are encouraged and supported to bring new ideas to all that they do.

OUR STAFF

As a full boarding school, our staff are involved in all aspects of school life, sharing time in the classroom, in the boarding houses, out on the mountain and travelling the world. You may find yourself teaching an IBDP class in the morning, helping to staff one of our amazing expeditions in the afternoon, or accompanying a group to surf in Bali during the holiday period.

Professional development and training opportunities abound, and we believe in growing talent and supporting great teachers in their career paths. As a member of the Nord Anglia Education group of schools there are opportunity for ongoing professional training and exchange amongst the world's leading premium schools organisation.

"We want our staff to share their passions, outside their traditional teaching role, with our students, where they make use of our alpine surroundings and inspire others to lead healthy and adventurous lifestyles. Why not teach a history lesson during the day and blast the downhill bike trails in the afternoon with students?"

Mr Stephen O'Hara
Director of Co-curricular

OUR COMMUNITY

Our location in the heart of Villars-sur-Ollon, offers an enviable lifestyle with access to skiing in the winter months and a multitude of outdoor and sporting activities throughout the year. Montreux, Lausanne and Geneva are all within easy reach for cultural adventures and inspiration.

The Beau Soleil campus is an inspiring place to work with facilities that are second to none. Our ongoing campus development and maintenance programme ensures that our students and staff thrive in an environment of which they can be rightly proud.

“One of the aspects of teaching at Beau Soleil that I appreciate most is that I am encouraged to be as creative as possible in the classroom: to try new projects; plan exciting cross-curricular opportunities; expand the learning beyond the classroom.”

Dr. Paul Lynch
Second in Faculty English & Student Support

YOUR PROFILE

Physics is the most fundamental of the experimental sciences, as it seeks to explain the universe itself from the very smallest particles—currently accepted as quarks, which may be truly fundamental—to the vast distances between galaxies, galaxies that are visible on a clear night from Beau Soleil, situated at 1200m in the Swiss alps.

Do you relish the opportunity to explain how classical physics, built upon the great pillars of Newtonian mechanics, electromagnetism and thermodynamics, went a long way in deepening our understanding of the universe?

With the opportunity to work within a creative and forward-looking STEM Faculty, this post is perfect for teachers who are passionate about their subject, enjoy engagement with young people, keen to share ideas, learn from others and who set the highest expectations of themselves and their classes.

As a qualified teacher you will be a fluent English speaker, ideally you will be familiar with the IBDP curriculum and confident working with students from diverse backgrounds. You will be an excellent communicator and confident with technology; someone who gets on well with colleagues, students and parents.

Amongst other things, you'll be well organised, have a good sense of humour and will want to participate fully in the extracurricular aspects of school life including the boarding house as well as the classroom. We have a comprehensive learning programme that includes Saturday morning academics and exciting challenges ranging from climbing 4000m peaks to night time ski racing.

How to apply

Applications should be made via Beau Soleil recruitment website at www.beausoleil.ch/en/about-us/employment-opportunities and should contain a CV, letter of application and the details of two professional referees.

The closing date for applications is Monday 28th February 2022.

Successful short listed candidates will be contacted straight away with initial discussions conducted remotely by telephone or video call.

Collège Alpin Beau Soleil is committed to safeguarding and promoting the welfare of children and young people. A police check is required prior to appointment.
